PROPOSTA DO CURSO

O curso “Teoria Antropológica II” tem por objetivo permitir aos alunos o contato direto com textos e monografias e estimular a reflexão sobre o vínculo entre pesquisa de campo e teoria. As leituras são escolhidas por sua relevância na história teórica da disciplina nas décadas de 1960 a 1980 (iniciando com Lévi-Strauss), e pela diversidade de contextos sociais pesquisados.

ORGANIZAÇÃO DO CURSO

O curso se baseia em discussões de textos em sala de aula. À professora caberá guiar as discussões e prover o contexto no qual as obras foram elaboradas; os alunos deverão fazer apresentações semanais das leituras realizadas de modo a estimular as discussões.

A menção final resultará de 3 avaliações: um fichamento direcionado e duas provas (uma delas em sala de aula).

A lista de leituras apresentada neste programa tanto poderá ser expandida quanto reduzida ao longo do curso, dependendo do andamento dos trabalhos em classe.

Atenção:

A leitura regular dos textos e a freqüência pontual às aulas são indispensáveis.
